

Public Education Forum

7:00pm Monday January 31, 2005

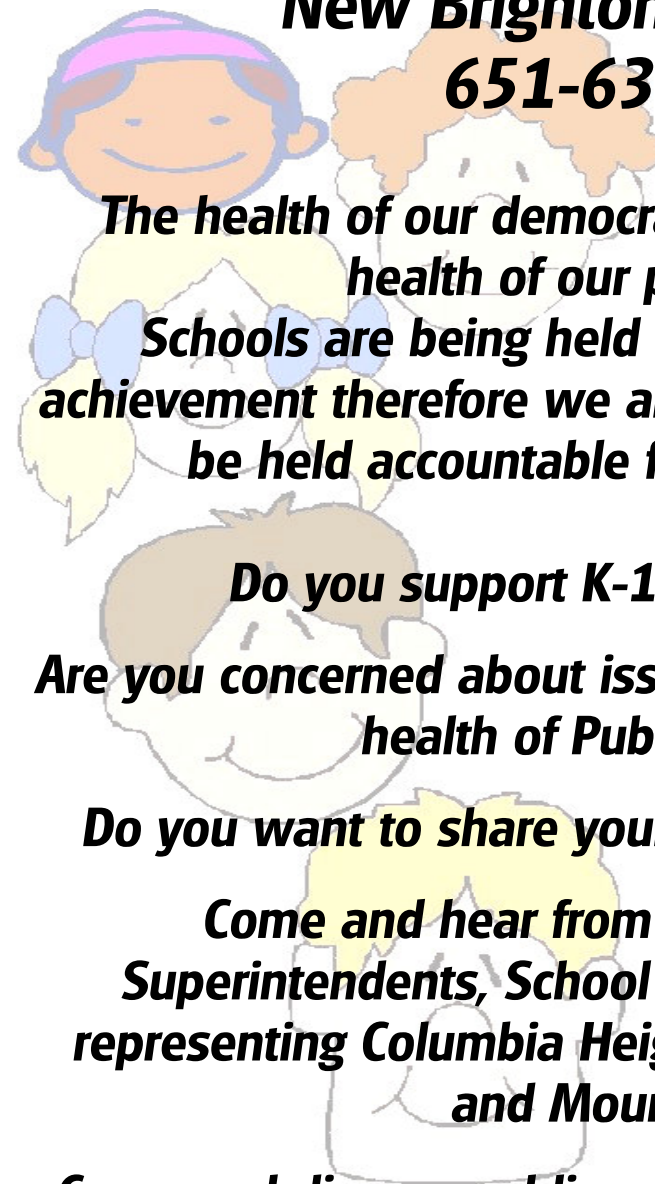

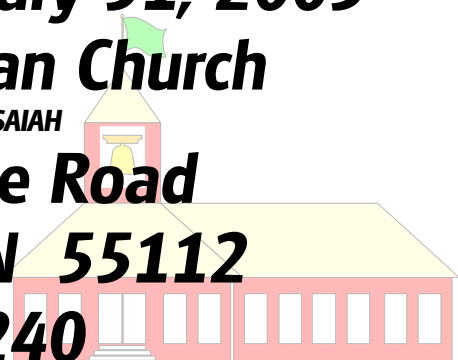

Atonement Lutheran Church

A supporting member of ISAIAH

1980 Silver Lake Road

New Brighton, MN 55112

651-633-2240

The health of our democracy is synonymous to the health of our public schools.

Schools are being held accountable for student achievement therefore we and our elected officials must be held accountable for funding education.

Do you support K-12 Public Education?

Are you concerned about issues that may jeopardize the health of Public Education?

Do you want to share your experiences with others?

Come and hear from Teachers, Principals, Superintendents, School Boards, and Legislators; representing Columbia Heights, Fridley, New Brighton and Mounds View.

Come and discuss public education issues and policies important to our local school districts.
